COUNTY FISCAL LETTER (CFL) NO. 03/04-03

TO: ALL COUNTY WELFARE FISCAL OFFICERS
ALL COUNTY WELFARE DIRECTORS

SUBJECT: FISCAL YEAR (FY) 2003/04 COUNTY SERVICES BLOCK GRANT (CSBG)
AND ADULT PROTECTIVE SERVICES (APS) STATE GENERAL FUND
(SGF) ALLOCATIONS

The purpose of this letter is to provide counties with their allocations for CSBG and APS. A total of \$33.2 million for CSBG and \$72.2 million for APS in Federal, State and County funds has been made available with the approval of the FY 2003/04 Budget Act. As in prior years, the CSBG allocation remains available to fund APS costs. However, the APS allocation cannot be used to fund CSBG costs. Counties must meet their APS Maintenance of Effort (MOE), which is based on FY 1996/97 CSBG expenditures, in order to have full access to their APS SGF allocation.

Attachment I displays the individual county distribution of the SGF allocations for CSBG and APS, along with the combined total of the two, and each county's MOE level. Attachment II provides you with a list of appropriate program codes to be used for reporting CSBG and APS administrative costs on the County Expense Claim.

Individual CSBG and APS program information and allocation methodologies are as follows:

CSBG

The CSBG allocation provides funding for protective services and APS administrative costs on behalf of dependent adults. This allocation may also be used to fund related optional services and activities to the extent funds are available. The allocation also provides funding for Non-Medical Out-of-Home Care (NMOHC) certification costs.

The Administration has proposed a SGF amount of \$11,315,132 for CSBG Basic and NMOHC costs. The individual county share of the CSBG Basic allocation remains at the same level as the FY 2002/03 CSBG Basic allocation. The individual county share of the NMOHC allocation was calculated based on each county's percent to the statewide total of

their calendar year 2002 NMOHC expenditures.

Please note that in expending the CSBG allocation, counties are required to provide protective services for adults in accordance with W&IC Section 13005. Therefore, the CSBG allocation should first be spent on protective services for adults and NMOHC administrative costs related to the Supplemental Security Income/State Supplemental Payment program. The second priority would be activities for other services directed at the five national goals specified in W&IC Section 13003.

APS

APS provides assistance to elders and dependent adults who are functionally impaired, unable to meet their own needs, and who are victims of abuse, neglect, or exploitation. The California Department of Social Services (CDSS) will monitor caseloads and expenditures throughout the year in order to assess future funding levels.

Consistent with agreements reached between CDSS and the County Welfare Directors Association (CWDA), the methodology used to distribute the APS SGF allocation of \$50,179,000 is as follows:

- 65 percent is distributed based on each county's percent to the total statewide population estimate (ages 65 and older) using the most recent Department of Finance data.
- 35 percent is distributed based on each county's percent to the total statewide disabled adult population (ages 18-64) using the most recent SSI/SSP caseload data.
- Each county is guaranteed a minimum allocation of \$100,000.

Although CSBG and APS are combined for control purposes, appropriate adjustments will be made during the year-end closeout to ensure that surplus APS funds are not used to cover CSBG over-expenditures. Over-expenditures will be transferred to county share.

PROGRAM CODES**

The state share of administrative costs reported on the County Expense Claim are charged to the following Program Codes:

CSBG

- 113 CSBG - SPMP
- 114 CSBG - Health Related
- 115 CSBG
- 135 SSI/SSP - Out-of-Home Care

APS

On a quarterly basis, State Use Only (SUO) Codes 589 and 597 will be used to insure that each county meets their individual MOE obligation by moving the county share of costs associated with the above Program Codes from county share to state share and moving one-fourth of the county's annual MOE from state share back to county share. Over-expenditures will be transferred to county share using SUO code 656
